Professional Summary

Full-Stack Web Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in SaaS workflows, role-based systems, RESTful API design, and clean architecture, with experience simulating real-world digital operations platforms.

Project Experience

Connected Worker Platform – Digital Operations SaaS (Product Simulation)

React.js, Node.js, Express.js, MongoDB

- Built a connected-worker SaaS simulating digital SOP execution and task tracking.
- Implemented role-based workflows (Admin, Supervisor, Worker) with timestamped execution.
- Developed issue reporting workflows and a metrics dashboard tracking task completion.
- Designed scalable REST APIs and MongoDB schemas.

SaaS Rollout Management Platform – Digital Operations (Product Simulation)

React.js, Node.js, Express.js, MongoDB

- Developed a platform for phased SaaS rollouts across multiple sites.
- Implemented onboarding checklists, deployment milestones, and configuration templates.
- Built change-request tracking and a centralized rollout dashboard.
- Architected scalable APIs with role-based workflows.

Nxt Chapter – Gamified Daily Discipline Tracker

React.js, Node.js, Express.js, MongoDB

- Developed a gamified productivity app transforming habit tracking into RPG-style progression.
- Implemented daily quests, EXP rewards, dashboards, and interactive UI components.
- Designed reusable frontend components and structured backend APIs for scalability.

Technical Skills

Programming Languages: JavaScript, Python, C++, C, SQL

Frontend: React.js, HTML5, CSS3, Responsive Web Design, Component-Based Architecture

Backend: Node.js, Express.js, RESTful APIs, CRUD Operations, MVC Architecture (Basic)

Database: MongoDB, Schema Design

Product & SaaS Concepts: RBAC (Basic), SaaS Workflow Design, Dashboard & KPI Design

Tools: Git, GitHub, VS Code, Postman

Education

Bachelor of Technology (B.Tech) in Computer Science, Indian Institute of Information Technology, Dharwad

Graduation: Expected 2027
